

Bowl, Centerpiece In Gilded Bronze And Cut Crystal - 20th Century

2 800 EUR

Period : 20th century

Condition : Très bon état

Material : Crystal

Height : 38 cm

Description

An elegant centerpiece made of cut crystal, set on a sumptuous, finely chiseled and gilded bronze base. The base is adorned with three bronze putti with a dark patina, supporting a central column decorated with floral garlands and resting on a base richly carved with foliage motifs. The crystal bowl features a cut lattice pattern and a beaded border in gilded bronze, highlighting the elegance of the piece. A high-quality decorative object, ideal as a centerpiece or on a console table, exemplifying the refinement of 20th-century decorative arts. Period: 20th century Materials: Gilded bronze, patinated bronze, and cut crystal Height: 38 cm Condition: Very good overall condition, with beautiful gilding and crystal in excellent condition.
