

Renaissance-style Bookcase/display Cabinet Made Of Carved Oak - 19th Century

2 800 EUR

Period : 19th century

Condition : Bon état

Material : Oak

Description

Renaissance-style Bookcase/Display Cabinet in Carved Oak - 19th Century A large, richly carved Renaissance-style oak bookcase and display cabinet, adorned with twisted columns, friezes, mascarons, and finely decorated panels. The two glass doors in the upper section showcase books, porcelain, or objets d'art, while the carved panels in the lower section demonstrate remarkable cabinetmaking craftsmanship. The openwork crown molding, the numerous carved details, and the quality of the wood make this a piece full of character, ideal for a classic interior or a prestigious library. Period: 19th century Style: Renaissance Material: Solid carved oak Condition: Very good overall condition, with a beautiful original patina and finely preserved carvings. An elegant display cabinet combining quality
