38 000 EUR

Signature : Bohème

Period : 19th century

Condition : Parfait état

Material : Crystal

Height : 56 cm

Description

An exceptional pair of large lidded vases made of emerald-green Bohemian crystal, richly decorated with fine gold gilding. Their openwork design, of great finesse, highlights the cut crystal and attests to remarkable artisanal craftsmanship. Commissioned for a royal family, these ceremonial vases exemplify the prestige and refinement of major European productions from the late 19th century. Their monumental silhouette and the quality of their craftsmanship make them collector's items of exceptional interest. Origin: Bohemian crystal Period: Late 19th century Materials: Green crystal, gilded, and decorated with fine gold Height: 56 cm Condition: Excellent condition. A prestigious pair of display vases, intended for a palace or grand residence, combining rich ornamentation, elegance, and
