Description

A black blown-glass ball vase...Featuring extensive acid-etching...The unetched areas are gilded...Signed in the same manner...SCHNEIDER ...!From eastern FRANCE...Note that there was a small production of glassware in the early 20th century in black-body colored glass...In good condition, just a few tiny chips on the inner rim of the neck...I should leave it with my glassmaker for repair unless it sells before then...!Weight... 608 gr
