

## Set Of Eight 19th-century Balloon Glasses Engraved With Flowers

250 EUR

Period : 19th century

Condition : Parfait état

Material : Glass

Diameter : buvant 7 cm environ

Height : 13.5 cm

### Description

These folk art balloon glasses feature a double-sided floral design created using sandblasting. They are handcrafted from glass, so each glass is unique and therefore not necessarily identical--unlike molded glasses--and that is what gives this collection its charm. However, these differences are truly minimal. Shipping available in France and internationally; please contact me for details
