Description

Discover the before-and-after transformations of our cleaning and restoration projects for antique rugs and tapestries. Free estimate Every rug and tapestry is a unique work of art that requires a customized approach. Improper cleaning or the use of harsh chemicals can cause irreversible damage (color bleeding, felting of the wool, weakening of the silk fibers). Our philosophy is based on absolute respect for the artwork and traditional techniques. By looking at our Before & After results, you'll see that our process does more than just clean: it revives contrasts, softens the fibers, and stabilizes damage to ensure your heirlooms last for generations.
