Description

This bronze horse has a forward-leaning silhouette, with precise modeling that highlights the structure of the muscles, the curve of the neck, and the tension in the limbs. The patinated surface, deep and slightly satiny, reveals shades ranging from warm brown to deep black when caught in the light, highlighting the contours of the mane, the body's contours, and the expressive tilt of the head, giving the piece a refined, balanced appearance while retaining the strength and presence of a characterful work of art.*****Period: Late 19th centuryGood conditionShipping available upon request in France and internationally.Dimensions:Width: 27 cmDepth: 11 cmHeight: 23 cmWeight: 3.2 kgReference: 638V
