Description

20th-Century French School
The Old Port of Saint-Tropez
Oil on canvas
This luminous oil on canvas offers a charming view of the Old Port of Saint-Tropez, bustling with fishing boats and traditional sailboats. In the background, the sun-drenched facades and the famous bell tower of the Church of Notre-Dame-de-l'Assomption form an iconic panorama of the town in the Var region. The brushwork is free and lively, delicately capturing the reflections on the water and the light so characteristic of the Mediterranean. A fresh color palette, dominated by blues, ochres, and a few touches of green and orange, lends the entire scene a peaceful and elegant atmosphere.
