Description

A lovely rectangular red crystal vase, the "EYE" model by Baccarat. A particularly well-crafted piece, featuring a design of horizontal striations. Note the flared shape and the resulting pronounced relief, which reflects light exceptionally well. With its intense red color, this is a sought-after and particularly well-crafted piece. Double-signed on the neck and under the base, the piece is properly documented. It is here in mint condition, in its original box. Please note: this is the large model, measuring 30 cm and weighing 5.6 kilos (it is also available in a 20 cm size and even smaller). It still sells for 2,200 euros in stores today, so the price has already been reduced (this model is no longer a new release)--see the last photo. A very beautiful piece, very aesthetically pleasing. A great gift
