Description

An elegant 18th-century Italian frame, crafted from carved wood and gilded with pure gold. The frame, of refined elegance, features an inner band with a stylized leaf motif in relief, flanked by a beaded border and a thin outer molding, in a style typical of 18th-century Italian craftsmanship. The original gilding, with its natural and pleasing patina of age, retains the authentic charm of the period and highlights the quality of the carving. The frame is perfectly suited to housing antique paintings, works on panel or canvas, enhancing their significance without being overpowering. In good condition, it shows the usual, slight signs of wear consistent with its age, which attest to its authenticity.
