

Pair Of Cordless Lamps, Height 32 Cm

Description

Pair of 20th-century silver-plated metal candlesticks converted into wireless lamps. Circular bases. Fluted shafts. The wireless bulbs are new; they can be controlled using the included remote controls or directly via the buttons on the bulbs themselves. The magnetic base system allows you to easily remove the bulb from the top of the lampshade to recharge it via a USB-C cable. This system is ideal for using these lamps on tables indoors or outdoors, as well as in areas without electrical outlets. Brand-new brass sockets. The pointed oval lampshades were created using a Manuel Canovas wallpaper featuring the rooftops of Paris. Note: slight wear to the silver plating.
