Description

This X-shaped table stand (or articulated trestle) is designed to hold a silver-colored metal serving tray (or one made of mirror, wood, or marble) to create an elegant and versatile coffee table or side table. Practical & Versatile: It folds completely flat in the blink of an eye for optimal space-saving or easy transport. High-Quality Finishes: The four upper legs are topped with attractive, ornate finials shaped like spinning tops (or pinecones). Note that the table's height is adjustable via a chain.
