

19th-century Bronze Decorative Piece

290 EUR

Period : 19th century

Condition : Très bon état

Material : Bronze

Length : 13,5 cm

Width : 8,5 cm

Height : 1,2 cm

Description

A decorative bronze element or frame for a miniature. This object follows Renaissance conventions, featuring a mascarón, an hourglass, fruit, and cut leather. On the sides, two saints stand out: --Saint John holding the chalice and the cross.-Saint Philomena, or, failing that, a figure emphasizing her deep faith
