Description

A magnificent original work by Nino Maiello (signature visible in the lower right corner), created in the abstract geometric style characteristic of the 1970s and 1980s. This captivating composition features a stylized flower in flamboyant shades of red, orange, and yellow, constructed through the layering of circular and geometric shapes. The piece stands out against a deep blue gradient background, traversed by an elegant multicolored rainbow that brings dynamism and harmony to the composition. The artwork captivates with its balance of geometric precision, transparency effects, and chromatic intensity. Framed in its original aluminum frame, it makes for a striking decorative piece, ideal for a contemporary, vintage, or design-oriented interior.
