Description

A reclining figure, rendered in a modern style with Post-Impressionist and Expressionist influences. The composition depicts a model seen from behind in an intimate pose, enhanced by a vibrant color palette in which blues, pinks, and ochres create a harmonious contrast. The handling of light and volume gives the work a remarkable presence, while the simplified forms and bold contours reflect a genuine artistic exploration. Presented in a gilded wooden frame, this painting will add a touch of character to any interior.
