Description

A superb, large watercolor by Louis Agricol Montagné. It depicts the old bridge in Le Vigan (Gard). Morning light. A famous Post-Impressionist artist. Along with a few photos, I am including the entry dedicated to him in the Bénézit Dictionary of Painters. I would like to note that this large watercolor is in perfect condition and remarkably fresh, with no sun damage to the paper. Dimensions of the painting: 60 cm x 43 cm. With its original frame (a few small chips), 70 cm x 53 cm.
