

Anatomy Lab Session

450 EUR

Period : 20th century

Condition : En l'etat

Material : Paper

Width : 29

Height : 23

Description

An old photograph depicting an anatomical dissection session around a human body at a medical school in the early 20th century. The scene shows a group of students in lab coats gathered around a human body being dissected, under the guidance of a professor. Several are handling scalpels and dissection instruments, while some students are smoking pipes or cigarettes--a detail characteristic of the practices and customs of the time. This photograph serves as a documentary record of anatomy instruction and the training of medical students in the early 20th century. Frame dimensions: 29 cm x 23 cm
Photo dimensions: 15.5 cm x 11 cm
