Description

A pair of bronze sculptures with a superb patina, originally part of 19th-century andirons. Their decorative design--featuring dragons, classical profiles, and foliage--makes them easy to convert into a lamp with a shade or simply to display as sculptures. There are two holes on the back that allow for the addition of a metal bracket, ensuring they stand stably without needing a support. A Breton artisan can do this for an additional EUR150. Shipping available via Chronopost for: France: EUR50 Europe: EUR90 Other countries: EUR160
