

Silver-plated Metal Caviar Dish, Pm Italy, Circa 1980

200 EUR

Period : 20th century

Condition : Très bon état

Material : Silver metal

Diameter : 25

Height : 11,5

Description

Designed for serving caviar, this model follows the classic double-bowl principle: the upper bowl holds the caviar, while the lower section can be filled with crushed ice to keep the product at a low temperature.

The combination of silver-plated metal and glass perfectly reflects Italian 1980s design, defined by clean lines where restraint becomes luxury.

Condition: glass bowls intact; silver-plated structure in very good condition, showing light wear consistent with age.
