

Set Of Six Saint Louis Crystal Roemer Glasses, Trianon Model

720 EUR

Period : 20th century

Condition : Très bon état

Material : Crystal

Height : 18

Description

Set of six "Trianon" crystal glasses, recognizable by their engraved decoration featuring geometric patterns, facets, and crosses. This model features a colored band at the top, in a ruby pink that creates a magnificent contrast with the transparency of the crystal. This "Trianon" style was produced by several French crystal manufacturers, but the visible characteristics--the ruby hue, the regularity of the cutting, and the faceting of the base--most likely correspond to the work of the Saint-Louis factory. The set is in excellent condition, with no chips or cracks, and retains all the brilliance of the crystal and the intensity of its color.
