Description

"Clitunno" floor lamp, designed by Vico Magistretti for Artemide in the 1960s. The structure is made of anodized aluminum, while the shade is made of white glass and provides soft, diffused lighting. Its minimalist aesthetic and choice of materials make it a versatile piece, suitable for various interior design styles. The combination of functionality and style makes this lamp an iconic example of Magistretti's work, perfect for enhancing both residential and professional spaces. The attention to detail and the quality of the materials reflect Artemide's tradition. It features 1 E27 light bulb. MOILIL0322041
