Description

European painter (19th century) - Landscape with Cattle and a Flock at Sunset. 101 x 76 cm. Oil on canvas, unframed. The scene depicts a mixed group of animals--two adult cattle and a calf in the foreground, accompanied by a large flock of sheep led by a shepherd--in an open landscape at twilight. The dark, backlit trees on the left frame the composition, while the rosy sunset sky illuminates the plain in the background. The cattle, rendered with anatomical and chromatic precision, move naturally toward the foreground. The brushwork is loose and vigorous, particularly in the sky and the foreground terrain. The style shows affinities with German and Central European animal painting of the period. Condition report: Lined canvas. The painted surface is in good condition. All shipments within the EU are
