19th-century Pyrogen Matchbox With Straw Marquetry

120 EUR

Period : 19th century

Condition : Parfait état

Material : Other

Length : 5.5 cm

Width : 4 cm

Description

These small folk art objects made of straw marquetry still possess great charm and allure. Here, I'm offering you a pyrogenic matchbox from a time when matches were made of sulfur and lit easily. It features a geometric design with purple-dyed straw and a touch of green contrasting with the natural hue; the grooved scraper appears to be made of ivory.Shipping available within France and internationally--please contact me for details.
