Description

JEAN IPOUSTÉGUY (1920-2006) Large bronze sculpture - One-of-a-kind piece 1/1 - 1984 - Cast by Blanchet (Please feature the first image as the cover photo, followed by the other detailed views, and finally the photo of the signature, as you did in your previous listings.) Exceptional bronze sculpture by the great French sculptor Jean Ipoustéguy, signed and dated 1984, cast by the prestigious Blanchet Foundry. This work, with its powerful sculptural presence, perfectly illustrates Ipoustéguy's artistic vocabulary, in which geometric forms, organic volumes, and symbolism intertwine. A bronze sphere, elements evoking petals or wings, a pyramid, and jagged forms come together in a powerful composition that is both architectural and poetic. The quality of the casting is remarkable, with a superb patina
