Description

A very beautiful Anatolian kilim from the Antalya region. Traditionally woven with wool on wool. The weave is fine, which is rather unexpected for this semi-antique piece. Very lovely, bright, and deep hues. The piece is like new. Star-shaped medallions on the central field. The presence of sky blue across a quarter of the surface is remarkable. Circa 1970 Dimensions: 295 x 175 cm Laurent Beauty of Kilims
