

Large Wooden Table-top Cage, Circa 1900

550 EUR

Period : 19th century

Condition : Etat d'usage

Material : Painted wood

Description

Large wooden and wire cage shaped like a house, with two small, functional front doors. The bottom of the cage features a sliding metal panel; the cage can therefore be used for small birds. The wooden parts are painted green; the four uprights are finished in olive. There is a frieze under the roof. Sits on a green chestnut wood base. Width 69 cm, depth 50 cm, cage height 95 cm (165 cm with stand) In good, used condition
