Description

An interesting Post-Impressionist oil on panel from around 1930 or 1940. The composition is original and the technique is very skillful. A beautiful view beneath the house opens up onto a landscape animated by figures. Beyond that lies an inlet and then a village. The paint is carefully applied, highlighting the stone of the house. Lovely light and a beautiful atmosphere. A success. There is a signature in the lower right corner that I cannot decipher. However, this can only be the work of a talented artist. Very good condition. Dimensions of the artwork (unframed): 38 cm x 31 cm.
