Description

Hermès Paris pillbox in solid silver, Louis XV design - Ravinet d'Enfert. Elegant circular pillbox by Hermès Paris, crafted in solid silver with a vermeil interior. The lid is adorned with a relief of a Louis XV coin, depicting the sovereign's profile accompanied by the inscription LUD. XV REX CHRISTIANISS., inspired by 18th-century French royal coins. The interior, entirely plated in vermeil, features a finely engraved design depicting a female allegory inspired by classical numismatic iconography. Standing, she holds a scepter and a cornucopia, symbols of prosperity and wealth. This refined decoration, rarely seen on a pillbox, attests to the care taken in its creation and lends the object a precious and erudite character. The piece bears the French boar's head hallmark, guaranteeing sterling silver,
