

Vintage Garnet Bracelet

1 800 EUR

Period : 19th century

Condition : Bon état

Material : Sterling silver

Description

Antique bracelet composed of 9 floral motifs linked together, each set with rose-cut garnets and a cabochon in the center. The clasp is a latch that fits into a larger, oval-shaped motif consisting of a double row of rose-cut garnets and an oval cabochon garnet. A safety chain in yellow gold completes the piece. Period: 19th century Main materials: silver and gold. Inner circumference: approximately 15.5 cm, width: approximately 13 mm, thickness: approximately 5.5 mm, thickness of the main motif: approximately 14.5 mm. Net weight: approximately 23.2 g. Authentic antique jewelry--crafted in the second half of the 19th century. Traces of restoration and slight scratches on some garnets not visible to the naked eye. Our opinion: Although restored, this bracelet remains in good condition for a piece of jewelry from this
