Description

Regency-Style Armchair in Carved Walnut - 19th Century
Charming Regency-style armchair made in the 19th century from finely carved walnut. This high-quality chair features elegant ornamentation comprising shells, scrollwork, foliage, and geometric motifs, demonstrating the craftsmanship of the cabinetmakers of that era. The scalloped backrest is topped by a carved shell. The curved armrests rest on richly decorated consoles, while the swirling belt is embellished with a large central shell. The arched legs are joined by an elegant X-shaped brace, lending the piece balance and refinement. The armchair is upholstered in petit point tapestry featuring a foliage motif in shades of dusty pink, water green, and beige, accented by original seed-head tufting. The woodwork is in very good
