Description

Napoleon III-era mahogany vanity in very good condition. This piece, which is curved at the sides, opens with two central doors, two side doors, and two drawers. Originally, this piece was fitted with a built-in basin (a very common feature on 19th-century vanity units). We are therefore offering this piece with a marble top onto which a countertop sink can be mounted (we have included a photo with a period basin and pitcher to better illustrate the proportions). If you are interested, please contact us for technical details. DIMENSIONS: 1.75 m x 0.65 m, 0.80 m high. Delivery available upon request.
