Description

An elegant floor lamp in gilded bronze (or solid brass), resting on a heavy circular base that ensures excellent stability. Its telescoping arm allows for height adjustment to adapt the lighting to your reading position. The gracefully curved upper arm swivels and tilts to direct the light with precision. Its understated and timeless design is inspired by French reading lamps from the second half of the 20th century, in a classic or Maison Jansen style. It will naturally find its place next to an armchair, a sofa, or in a library.
