Description

A Venetian-style wall mirror, it stands out for its finely cut, engraved, multi-layered glass frame, crafted in the tradition of the famous Murano workshops in Venice. The central mirror is surrounded by an architectural composition of shaped glass elements, delicately decorated with engraved floral and botanical motifs. Appliqué glass details, with subtle amber and gold hues, add warmth and contrast, enhancing the luminosity traditionally associated with Venetian decorative glass. The upper section culminates in an elegant arched crest, topped by a sculpted floral motif that lends the mirror a graceful verticality. The lower cantilevered console or shelf is particularly attractive; it transforms the mirror into a more elaborate decorative composition and evokes the Venetian wall
