Description

A charming pair of solid fruitwood nightstands dating from the mid-20th century. Their simple, elegant design is inspired by reimagined Louis-Philippe styles, featuring turned legs, a curved lower shelf, and a top with a subtle cornice. Each nightstand features two front drawers, fitted with their original knobs. The fruitwood has a beautiful, warm patina with honey-colored tones that highlight its natural grain. These pieces, crafted with fine cabinetmaking quality, are solid, stable, and in good condition, with slight signs of wear consistent with their age. They would work equally well as nightstands in a bedroom or as small accent pieces in a living room or entryway. Period: mid-20th century (circa 1950-1960). Material: solid fruitwood. Condition:
