Description

Italian painter (19th century) - Still life with fruit. 50 x 65 cm (without frame) - 64 x 76 cm (with frame). Oil on canvas, in carved and gilded wooden frame. This still life reflects the enduring influence of Flemish and Lombard Baroque tradition in nineteenth-century Italian painting. The composition features a broad array of fruits, white and dark grapes, peaches, plums, open pomegranates, and a large melon, arranged on a surface with a basket at the centre, against a dark background with a faint reddish sky. The compositional structure and chromatic approach are rooted in the naturalist Baroque tradition, as interpreted through nineteenth-century Italian painting culture. Condition report: Original canvas. Good overall condition of the painted surface; some traces of wear and minor surface
