Description

The Neo-Gothic style influenced all areas of the decorative arts in the mid-19th century. This small frame is an interesting example of this style, featuring a cast, one-piece gilded bronze frame decorated with cabbage leaves, and accented at the corners with glass cabochons imitating rubies. A bronze backing plate screws into place at the back to secure it. Some oxidation, otherwise in very good condition. Frame dimensions: 25.5 cm x 17.5 cm
