

Contemporary Platinum Ring With Radial Diamonds, 5.20 Carats An704

12 990 EUR

Period : 20th century

Condition : Parfait état

Material : Platinum

Description

Elegant and strikingly beautiful, this refined contemporary ring is crafted in platinum and set with a magnificent 2.50-carat round brilliant-cut center diamond. The center stone comes with an IGS London certificate attesting to its gemmological characteristics and is framed by baguette-cut diamonds totaling approximately 2.70 carats. The baguette diamonds are carefully arranged in a radial pattern around the center stone, creating a refined "sunburst" effect. This unique geometric composition enhances the brilliance and presence of the center diamond, giving the ring a striking yet harmonious appearance. The platinum setting enhances the natural whiteness of the diamonds and ensures strength and durability. The estimated total weight of the diamonds is approximately 5.20
