Description

This remarkable ring draws on the key aesthetic elements of the famous Belle Époque Pompadour rings, successfully capturing their generous lines and timeless elegance. Crafted in 750/°° (18 KT, eagle-head hallmark) yellow and white gold, it is adorned at its center with a superb oval sapphire weighing 3.15 carats. The stone captivates with its deep, velvety blue hue, as well as its beautiful crystallization, which lends it brilliance and transparency while preserving the richness of its color. The sapphire is surrounded by a generous setting of old-cut diamonds totaling 1.54 carats. Each diamond is individually set in a double-cut festoon setting, reminiscent of the sun settings or illusion settings found in the great masterpieces of the late 19th century. This refined design accentuates the play of light and elegantly
