### Description

This 18th-century Lombard Baroque sideboard, skillfully crafted from an antique chest of drawers or ribalta, embodies all the charm of the era. Crafted from walnut and burl walnut, it features a sculpted front distinguished by a pair of solid walnut doors, embellished with ebonized moldings and burl walnut inlays--elements that are also found on the sides. The front stiles are set at a 45-degree angle, while the rear stiles feature ebonized scroll carvings, lending a touch of elegance. The bronze knobs add a precious detail. Inside, a pair of under-top drawers--added at a later date--with fir interiors provide additional storage space. Product condition: Due to its age and wear, this item requires restoration and re-polishing. We strive to present the actual condition of the piece as completely as possible
