Description

A Baroque-style sideboard crafted from fir and poplar, featuring refined decoration with foliage motifs. The front features a pair of paneled doors, elegantly divided by a central post, which lends the piece a sense of balance and grandeur. The cantilevered legs add a touch of sturdiness and stability to the structure. The painted finish highlights the decorative elements, making this piece a prime example of artistic and functional mastery. Perfect for enriching classic interiors with a piece of history. Product Condition: Due to its age and wear, this piece requires restoration and refinishing. We strive to present the actual condition of the piece as completely as possible through the photos. If certain details are not clear from the photos, the information provided in the description takes precedence.
