Description

An antique ring from the Napoleon III period, featuring a band that is extremely flat against the finger and engraved with floral motifs and arabesques on the shank and on either side of the head, where the band begins. In the center, an old-cut brilliant-cut diamond is set in a closed setting and surrounded by black enamel. Period: 19th century Main material: yellow gold, 750 parts per thousand, 18 karats. Total diamond weight: approximately 0.40 carats. Dimensions: Height: approximately 12 mm, width: approximately 10 mm, thickness: approximately 3.2 mm, ring width at the base: approximately 2 mm. Net weight: approximately 3.6 g. Authentic antique jewelry--crafted in the second half of the 19th century, a Napoleon III ring. Our opinion: This is the perfect example of antique jewelry: a
