Description

Pair of Napoleon III-era vases, 19th century, made of Paris porcelain. A very beautiful pair with hand-painted decorations on both sides, signed by the artist Tivié on each vase. Excellent original condition for both the structure and the handles gilded with fine gold, which have retained their original patina. Note the very charming depiction of the two female figures--a rare feature--as well as the magnificent light blue background that brightens the entire piece. The lake landscape design on the back is quite uncommon. These pieces should be arranged symmetrically for a beautiful display. Nice size, height 34 cm. Shipping available within France and worldwide via secure, insured package with order tracking. Invoice and certificate provided. Pickup available on-site at Mas
