

A Small 19th-century Bronze Gorilla

1 280 EUR

Period : 19th century

Condition : Très bon état

Material : Bronze

Diameter : 6

Height : 13.5

Description

A small bronze sculpture depicting a gorilla standing in an expressive pose, raising its arm to examine an object held between its fingers. The vivid modeling, the nuanced brown patina, and the almost human expression give this sculpture its unique charm. Mounted on a circular wooden base, this work illustrates the late 19th-century sculptors' interest in animal depictions full of character.
