Description

A beautiful Art Deco engraved glass vase with a "Luxor" design by Charmes Schneider. A lovely piece, typical of the Art Deco period, featuring a highly stylized geometric design on a mottled background that beautifully reflects light.

Attractive conical shape with a hot-fused foot....A very elegant piece. 30 cm tall, 20 cm neck opening, in perfect condition, signed, created between 1928 and 1930. This is a clearly identified model (see Edith Mannoni's book on Schneider, in the last photos), it is the Louxor model, form 1995). A beautiful, elegant, and luminous piece for lovers of this period--of whom I am one....
