Description

A beautiful, large vase decorated with herons by André Delatte. In the purest Art Deco style, this large vase is entirely and deeply etched with acid. The design stands out brilliantly against a marbled background and catches the light particularly well. It features a beautiful blue color, a wide, flared shape, and a slight narrowing at the neck. It is decorated with several large herons set against stylized vegetation. Large dimensions: 35 cm high and 20 cm in diameter. Standard signature engraved in a circle: "ADelatte Nancy," circa 1920. A beautiful Art Deco piece with a lovely animal motif!
