Description

Large baluster vase in iridescent Bohemian glass by Loetz. This 1900 vase features beautiful colors and a lovely iridescence, with a blue-green meander pattern on an olive-green background. Elegant shape with a shoulder and a slightly flared neck. Of very fine quality, with a clearly visible 1900 pontil. After extensive and detailed research into Bohemian glassware references (Loetz, KraliK, Pallme Koenig), I found pieces with the same design at Loetz (see last photos). Nice pontil with a label mark beneath the vase. 34 cm tall, in very good condition, very heavy, circa 1900. Superb iridescent vase from 1900, of remarkable quality.
