Description

An original work by Christian de Cambiaire, this abstract composition captivates with its interplay of volumes, its raised geometric shapes, and its harmony of vibrant colors. The various textured elements create an effect of depth that changes depending on the light and viewing angle, lending a unique presence to the wall. The combination of burgundy, green, blue, purple, and ochre tones, set against a sculpted white background, gives the piece a contemporary and dynamic style characteristic of the artist's work. A true decorative piece, this work immediately catches the eye and fits equally well in a modern interior or an abstract art collection.
