

Wooden Statuette Depicting A Male Figure Smoking A Pipe--southwestern Congo.

80 EUR

Period : 19th century

Condition : Très bon état

Material : Mahogany

Height : 30 cm

Description

This wooden statuette depicts a male figure smoking a pipe, in a style often associated with traditional African art. Similar pieces are identified as smoking figures of the Yaka people, who are native to southwestern Congo. The object is carved from solid wood (mahogany) and measures approximately 30 cm in height.
