Description

Period: 21st century; Artist: Jean Gabriel Mondié
This superb neoclassical and mythological sculpture depicts Venus, the goddess of love.Crafted in bronze using the lost-wax technique, it exudes a powerful presence thanks to its surface finish and its magnificent, warm patina...Embodying the goddess of love and beauty with majestic grace, this mythological bronze sculpture by Jean-Gabriel Mondié is rooted in the noblest neoclassical tradition. Rendered in the style of a sublimated ancient fragment, this female torso captivates with the balance of its modeling, the delicacy of its belted drapery, and the dramatic power of its posture.Cast using the time-honored lost-wax technique, the bronze reveals a surface of exceptional tactile richness, enhanced by a warm
