Description

Lalique "Lupins" pattern: a set of 12 Limoges porcelain plates, comprising 6 dinner plates and 6 soup plates. The design features a "lupin garland enhanced with gold, in tribute to René Lalique." dinner plates, diameter 25.8 cm (one chip on the underside rim of one plate); soup plates, diameter 19.4 cm, height 4 cm (two plates lack the full stamp, bearing instead the mark of the manufacturer, Chastagner & Cie). The decoration is magnificent. There are some surface scratches from use on the dinner plates, visible when held against the light, but these do not in any way detract from the quality or usability of the set.
